

DID YOU KNOW...

Young Virginia Opossums will ride on mom's back when they get too big to fit inside her pouch.

FOUND A BABY OPOSSUM ALONE?

- Under 7 inches (not including tail):
 - They are too small to be on their own. Transport to your local wildlife rehabilitator.
- Over 7 inches and moves well with no injuries present:
 - They are old enough to be on their own. Release the opossum back into the wild.
